CAN-AM CROWN 30 RULES (2022)

In addition to the following rules, the **General Can-Am Crown Rules** also apply to this race.

1. Entry Fees, Refunds, & Assignment of Bib Numbers

The entry fee is \$150. All fees and refunds are in U.S. funds only.

Entries will not be confirmed until Can-Am Crown receives the entry fee and all properly completed and executed documents as described in the General Rules. Bib numbers shall be assigned as described in the General Rules: Confirmation of Entries & Assignment of Bib Numbers.

Drivers withdrawing before the race will receive a \$60 refund only if there is an active waiting list. If the race is canceled, then the entry fees will be refunded in full.

2. Race Course

The race trail covers approximately 30 miles of scenic terrain that includes forests, brooks, lakes, and fields. A safety station is located near the halfway mark, it is not an official checkpoint.

3. Conditions of Entry

This race is limited to 30 teams.

Can-Am Crown will begin to accept applications after November 1, 2021.

There is no qualifier race experience necessary to enter the Can-Am Crown 30.

All entrants must attend the mushers' meeting on Friday, March 4 at 4:30 p.m. at the Fort Kent Municipal Building. Any driver who misses roll-call at 4:30 will risk losing his/her place in the race.

4. Race Start

The official start date is Saturday, **March 5, 2022**. The start shall be from Main Street, and the finish shall be at the Lonesome Pine ski lodge in Fort Kent.

To allow for verification of dogs and gear by race officials, teams are required to be present at the staging area on Saturday morning by 7:00 a.m..

Teams will leave the starting line at two-minute intervals beginning **at 9:10 a.m.** EST.

Drivers must start the race with either 5 or 6 dogs.

5. Required Gear

- Drivers shall wear their identifying bibs throughout the race.
- All dogs shall be harnessed in single or double file. All harnesses shall be padded around the neck and chest areas. Reflective tape is required on harnesses.
- In this race it is possible that severe conditions could cause a team to become temporarily stranded. Therefore, Can-Am Crown recommends a dish for each dog (at least one quart capacity).
- A flashing light must be worn by each lead dog from sunset to sunrise.
- Ganglines may be cable, cable core, or any synthetic or natural material, but chains are not allowed. If cable ganglines are used, the driver must have easily accessible cable cutters which are known to be capable of cutting the gangline.
- Available equipment must include four booties per dog at the race start. The booties may be on the dogs or in the sled, but they must be available for use if needed.

Each driver must have in possession at all times during the race:

- A sled capable of accommodating injured or fatigued dogs as well as the required food, materials and equipment. Can-Am Crown recommends reflective tape on the sled. The same sled must be used throughout the race. Spare parts are the responsibility of the driver. The sled shall be equipped with an adequate brake, brushbow, snowhook and a snubline that's at least 8 feet long. Note: A snowhook cannot substitute for a snubline.
